**PROPOSED  
PROCEEDINGS OF THE ALLENDALE  
TOWNSHIP BOARD OF TRUSTEES  
JANUARY SESSION 2<sup>nd</sup> DAY**

The Allendale Township Board of Trustees met at the Allendale Township Auditorium, located at 6676 Lake Michigan Drive, on Monday, January 26, 2026, at 6:00 p.m. and was called to order at 6:00 p.m. by Mr. Elenbaas.

Present at Roll Call: Mr. MacDonald; Ms. Hansen; Ms. Schuitema; Mr. Zeinstra; Mr. Vander Wall; and Mr. Elenbaas. (6)

Absent at Roll Call: Mr. Smit (1)

Staff and Guests Present: Chad Doornbos, Public Utilities Superintendent; Mollie Bonter, Finance Director; and Michael Carey.

Mr. Vander Wall pronounced the invocation.

Mr. Elenbaas led in the Pledge of Allegiance to the Flag of the United States of America.

BOT 26-007 Mr. Zeinstra with support from Ms. Schuitema moved to approve the agenda of today as presented. The motion passed.

BOT 26-008 Mr. Vander Wall with support from Mr. MacDonald moved to approve the following Consent Resolutions:

1. To approve the Minutes of the January 12, 2026, Board of Trustees meeting as presented.
2. To approve the general claims in the amount of \$576,879.26 and interim payments of \$118,199.84, as presented by the summary report for January 26, 2026.

The motion passed.

Items Received for Information

1. Planning Commission January 5, 2026, meeting minutes.

Public Hearings- None

Guest Speakers- None

Public Comments- None

BOT 26-009 Mr. Elenbaas with support from Mr. Zeinstra moved to close public comment. The motion passed.

Action Items

BOT 26-010 Ms. Schuitema with support from Mr. Vander Wall moved to approve and authorize the Clerk and/or Supervisor to sign Resolution 2026-01: Investment Policy; a resolution to establish and adopt a comprehensive investment policy for the Township, setting legal, ethical, and risk-based guidelines for how public funds are invested to protect principal, ensure liquidity, diversify risk, and achieve market-rate returns, with oversight by the Township Treasurer. The motion passed.

BOT 26-011 Ms. Schuitema with support from Mr. MacDonald moved to approve and authorize the Clerk and/or Supervisor to sign the Allendale Community Park Design Engineering contract with Fleis and VandenBrink, at a cost of \$144,500.00. The motion passed.

BOT 26-012 Mr. Vander Wall with support from Mr. MacDonald moved to approve and authorize the Clerk and/or Supervisor to sign Resolution 2026-02: Resident Relocation in Conjunction with Sanitary Sewer Project; a resolution authorizing the Township to purchase a replacement home (up to \$80,000), cover outstanding housing obligations (up to \$25,000), pay relocation costs (up to \$10,000) to relocate a displaced resident as part of a sanitary sewer infrastructure project, and to authorize the Clerk and/or Supervisor to take all actions necessary to effect such relocation. The motion passed.

BOT 26-013 Ms. Schuitema with support from Mr. Zeinstra moved to approve and authorize the Clerk and/or Supervisor to sign the Relocation Agreement. The motion passed.

BOT 26-014 Ms. Schuitema with support from Mr. MacDonald moved to approve and authorize the Clerk and/or Supervisor to sign the 2026 Independence Day/4<sup>th</sup> of July Fireworks Contract with Pyrotecnico Fireworks. The motion passed.

Discussion Items

The Board held a brief discussion on Town Center components and concepts.

Public Comments- None

BOT 26-015 Mr. Elenbaas with support from Mr. Vander Wall moved to close public comment. The motion passed.

Board Comments- None

BOT 26-016 Ms. Schuitema, with support from Mr. Zeinstra moved to adjourn the meeting at 6:42 p.m. The motion passed.

---

Jody L. Hansen, Clerk  
Of the Township of Allendale

---

Adam Elenbaas, Supervisor  
Of the Township of Allendale

DECEMBER 2025

## December Around District 4

### Overview

During December 2025, the Ottawa County Sheriff's Office responded to a total of 1,904 calls for service within the eastern district of Ottawa County.

### Traffic Activity

- Deputies responded to 320 traffic crashes across the district.
- A total of 602 traffic contacts were made throughout the month.

### School Outreach

- School Resource Officers continue to have a presence in their districts. They also enjoyed the Christmas break and spent more time in their respective townships and city.
- SRO Deputies Van Dis & Jonkman (JPS) and Deputies Davidson & Popma (HPS) organized Shop with a Sheriff for both Georgetown and Jamestown Meijer stores.

### Community Engagement

- Deputies participated in the Shop with a Sheriff event, with the East District gathering at the Georgetown Twp Meijer on December 2nd & the Jamestown Meijer on December 11th. It was a great evening spent with students as they shopped for Christmas gifts for themselves and their families.
- With the weather changing, Deputies are spending more time policing crashes.
- No events on the calendar ahead.

### Training

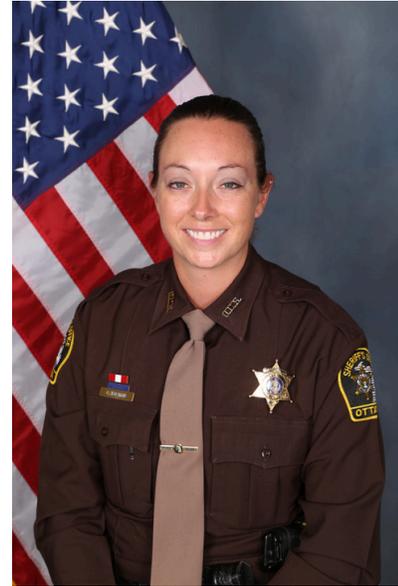

- The Critical Response Team, Dive Team and Drone Team completed their monthly training sessions.
- Several online trainings were completed by staff. These trainings will assist staff as they prepare for January in-service.

### Night-Time Road Patrol Supervision

I would also like to introduce the East District's night-time road patrol supervision team. Sergeant Cassie Tolman is assigned to A Squad, and Sergeant Alex DeJong is assigned to B Squad. You may see Cassie or Alex visiting your township or city, they are available to assist with any questions or concerns if I am unavailable.

Respectfully Submitted,

CHARTER TOWNSHIP

**Assistant Assessor**

**Notice of Hire- Zach Fields**

Prepared by Lydale Weaver

On 1/21/2026

**Board of Trustees,**

We have reviewed internal applications for the Assistant Assessor position. The interview panel, which included Adam Elenbaas, Township Supervisor; Jody Hansen, Township Clerk; Jennifer Genter, Head Assessor; and Lydale Weaver, Human Resources Director, have unanimously recommended Zach Fields for the role.

Zach has been with Allendale Charter Township since August 8, 2022. He brings prior experience from his role as the Operations Coordinator, which includes institutional knowledge, a strong performance record, skills in records management, customer service, data accuracy, and internal workflow coordination.

We are very excited to see Zach thrive in his new role.

Respectfully,

Jennifer Genter, Head Assessor

Lydale Weaver, HR Director

# Allendale

CHARTER TOWNSHIP

2/5/2026

Dear Board of Trustees,

The Township Clerk's office is in need of an updated cemetery software program. The current system is outdated and no longer meets operational needs, nor does it provide a forward-thinking or customer-friendly experience. The existing software lacks electronic mapping, online sales capabilities, and offers very limited functionality overall.

Jody Hansen, Township Clerk, and Elizabeth Szymanski, Township Deputy Clerk, have completed a review of cemetery software programs to support improved record keeping, future cemetery plot sales, enhance mapping capabilities, and strengthen customer service. After evaluating available options, we are recommending the purchase of CIMS (Cemetery Information Management System).

CIMS best meets the Township's needs for several key reasons. The system provides exactly what is needed for comprehensive cemetery record management, including plot sales, digital mapping, and long-term data organization. The company also offers strong customer service and support, as well as complete data migration from our current system. Additionally, CIMS is the most cost-effective option reviewed, with initial startup costs of approximately \$16,000, making it the lowest-cost program considered.

To ensure a successful transition to the new system, we are requesting approval of a temporary employee to assist with the migration of paper records from the previous program and historic cemetery files into CIMS. This work is critical to maintaining accurate and accessible records and will help ensure the long-term success of the software implementation.

The total cost of this project, including software and temporary staffing, will be funded through the already approved Cemetery Capital Improvement Plan, not to exceed \$35,000. We respectfully request the Board's consideration and approval of this recommendation. We would be happy to answer any questions or provide additional information as needed.

Sincerely,

Jody Hansen  
Clerk

Elizabeth Szymanski  
Deputy Clerk

# **CONTRACT FOR IMPLEMENTATION**

CIMS proposal for Allendale Charter Township Cemetery

Dear Elizabeth,

Thank you for considering CIMS as your cemetery management software. Please know the Ramaker team realizes cemetery management software is a large but important investment. We respect your commitment to your cemetery, and we will dedicate ourselves to making sure your transition to CIMS is as smooth as possible.

CIMS excels over competing cemetery management solutions because our mapping technology and extensive database are the best in the industry. We have provided software to cemeteries for over 20 years and understand how they operate and what tools make a cemeterian's job easier. Every space in your cemetery will exist in the CIMS database, giving you real-time insights into what's sold and what's available.

Cemeteries choose CIMS because they want to preserve and protect their records. All CIMS data is stored securely in the Amazon Web Services cloud, so you don't have to worry about backing up data or upgrading your software. Plus, your cemetery data will be accessible from your work computer, home computer, or even your Apple or Android device. (Speaking of mobile devices, CIMS Gold and CIMS Platinum can direct users to any space in the cemetery using the GPS in their smartphones.)

Let's simplify your cemetery management. Just return a signed copy of the contract on page 21 and indicate which options you want on pages 10-12. If you have any questions or concerns regarding any items in this proposal, please feel free to contact me at 1 (800) 332-7532. We look forward to a long, successful relationship with you.

Sincerely,

A handwritten signature in cursive script that reads "Laura Peterson".

Laura Peterson  
CIMS Customer Success Lead

# 1

## SCOPE & SCHEDULE

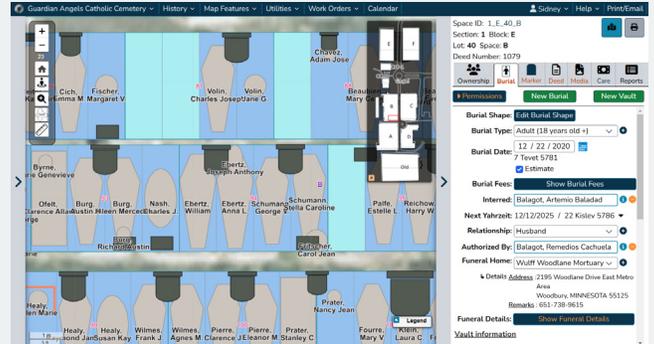

# CIMS PRODUCTS

## Cemetery management solutions for all cemeteries & budgets

Every cemetery has different needs. That's why Ramaker has developed three distinct cemetery management solutions that help cemeteries of all sizes better serve their customers and communities.

### PLATINUM

A powerful cemetery management tool with comprehensive GIS mapping and advanced grave-level features

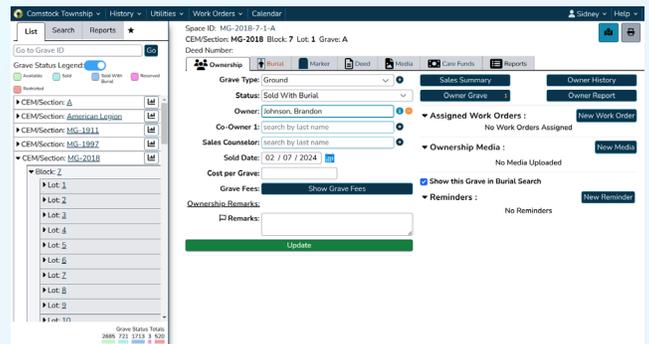

### GOLD

An intuitive cemetery database that includes the ability for the cemetery to place a pin on the map to represent each grave space

### LIGHT

An easy-to-use cemetery database solution for cemeterians interested in moving their records online

# PROJECT OVERVIEW

## CIMS Gold & Light

### Simplifying Cemetery Management Without Breaking the Bank

CIMS Light and CIMS Gold are modern cemetery management solutions for cemeteries with modest budgets. Powerful and easy-to-use, CIMS Light and CIMS Gold help cemerterians preserve their records in a custom database.

Getting started with CIMS Light and CIMS Gold is simple. The first step is creating a database record of every space in your cemetery by inputting your cemetery's sections, blocks, lots, and spaces. Don't worry. The Ramaker team will guide you through the setup process.

If you elect to include data migration services in your project, Ramaker will compile your cemetery data and migrate it into the CIMS database before you begin using it.

Once your database is created, you can use the software to assign owners and burials to the spaces you created. At this point, CIMS Gold users may take advantage of the software's user-generated mapping feature to plot and view spaces in their cemeteries.

### Keep accurate records and stay within your budget

Not ready for CIMS Platinum? CIMS Gold and CIMS Light provide the same powerful recordkeeping abilities. Track sales and burials, save images and PDFs in the cloud, generate deeds and reports, send work orders to your crew, and so much more.

# PROJECT OVERVIEW

## CIMS Platinum

### Creating a Seamless Digital Map of Your Cemetery

Using your cemetery's paper maps, CAD files, or GIS files, we'll map sections, blocks, lots, and graves on distinct layers. The grave layer is the foundation of every map, relating all ownership, interment, and marker information. To increase the accuracy of your CIMS mapping experience, we'll digitally superimpose this initial map on top of an aerial photo or drone imagery of your cemetery.

### Mapping Expertise Meets Your Expertise

No one knows your cemetery better than you. That's why the CIMS team works collaboratively with cemeterians to build better, more accurate maps. Once your cemetery staff approves our map, we'll upload it to the cloud.

After your CIMS map is live, data input begins. If you elect to include data migration services in your project, Ramaker will compile your cemetery data and match it to the CIMS map. If data migration is not selected or has been completed, the Ramaker team will send CIMS login information, so you can begin using the software right away.

# PROJECT SCHEDULE

## CIMS Platinum

A preliminary project timeline is outlined below. This timeline is for a typical project but can be modified based on the condition of your cemetery maps. The start date is contingent upon Ramaker being provided the maps and information to begin mapping by the specified date. The completion date will remain fixed only if all tasks outside the control of Ramaker are met by the identified timeline. If tasks are not completed before or at these times, the completion date may need to be modified.

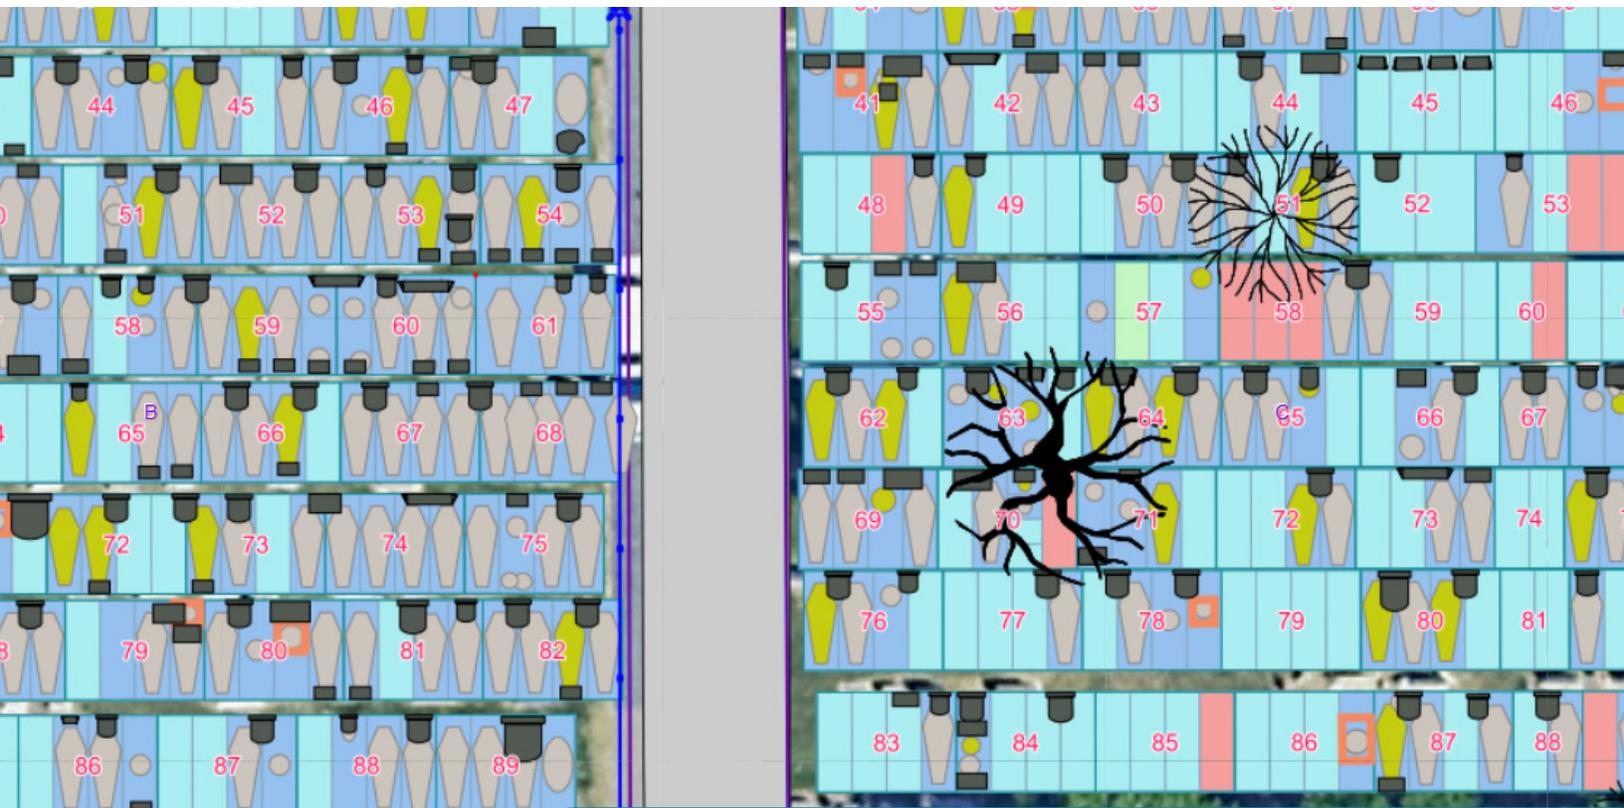

**NOTE:** In order to comply with this schedule, all Ramaker’s questions and requests to cemetery staff must be addressed within three (3) business days. If questions are not addressed in this time period, the schedule may need to be adjusted. If any data migration options are chosen, the schedule will need to allow for additional time. A separate data migration timeline can be provided upon request.

If it has been longer than six (6) months since any progress has been made on the project due to delays by the cemetery staff or other causes outside of Ramaker’s control, Ramaker will invoice the cemetery for all work performed up to that point. Once the project resumes, prices on the proposal will be adjusted based on the current Ramaker fee schedule.

<b>Week 1</b>	<b>Cemetery shares data</b>	Ramaker begins mapping *
<b>Week 3</b>	<b>Phase I: Sectional basemapping</b>	Map sent from CIMS team to cemetery for verification
<b>Week 6</b>	<b>Receive maps and alterations</b>	Map and alterations are sent by cemetery officials
<b>Week 8</b>	<b>Phase II: Grave label mapping</b>	Map sent from CIMS team to cemetery for verification
<b>Week 10</b>	<b>Receive maps and alterations</b>	Map and alterations are sent by cemetery officials
<b>Week 12</b>	<b>Final basemap completion</b>	Map sent from CIMS team to cemetery for verification
<b>Week 14</b>	<b>Confirmation of map accuracy</b>	Map accuracy is confirmed by cemetery officials
<b>Week 16</b>	<b>System delivery</b>	CIMS team finalizes CIMS site and coordinates training with the cemetery

\* If drone and/or GPR options are selected, the mapping will begin after these services have been completed.

# 2 PRICING & ADD-ONS

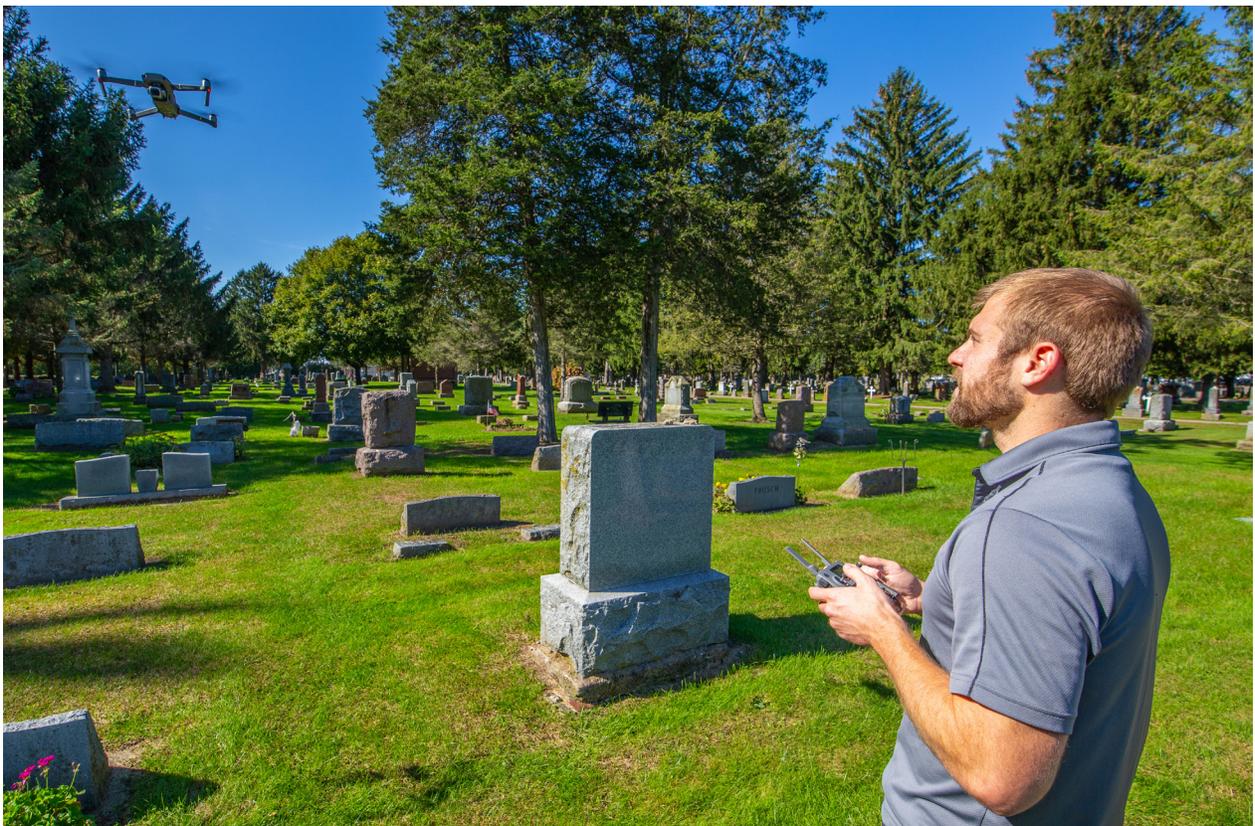

# PROJECT COST

## CIMS Platinum, Gold & Light

The following pages include the cost for the scope of work detailed in this contract and are based on the information provided to us. These prices are good for 60 days from the date of this contract. The project cost will not be exceeded without prior authorization from the designated cemetery official. Any costs provided for data migration are based upon the files sent to Ramaker prior to the receipt of this proposal.

The initial invoice will be for the software license costs. Mapping and data migration services will be billed in increments as work is completed. Drone, 360 Imagery and GPR services are invoiced prior to services being provided. All other services will be billed upon completion of the project.

The costs on the following pages are broken into Base Services (these costs are required for your software to work), Additional Licenses, QuickBooks Module and Licensing, and Optional Services (these are additional services that may benefit your cemetery but are not required).

# BASE SERVICES

## Step 1

### Choose Your Solution:

Check the box here of the product your cemetery chooses to implement

	LIGHT	GOLD	PLATINUM
	<b>\$1,300</b> + \$500/year	<b>\$3,600</b> + \$700/year	<b>\$14,000</b> + \$1,400/year
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### Price Breakdown

	LIGHT	GOLD	PLATINUM
One CIMS license <sup>1</sup>	\$1,300	\$2,000	\$4,000
CIMS Gold setup fee for 10 total developed acres	Not applicable	\$1,600	Not applicable
CIMS Platinum interactive map for 10 total developed acres <sup>2</sup>	Not applicable	Not applicable	\$10,000
Annual hosting and system support fee	\$500/year	\$700/year	\$1,400/year
Virtual training	Included	Included	Included
<b>Total</b>	<b>\$1,300</b> <b>+ \$500/year</b>	<b>\$3,600</b> <b>+ \$700/year</b>	<b>\$14,000</b> <b>+ \$1,400/year</b>

<sup>1</sup> Upon request, CIMS will provide temporary software licenses at no charge for cemeteries that plan to manually enter their data into CIMS to ensure they can complete this in a cost-effective manner. These licenses are typically provided for a one-year term.

<sup>2</sup> This cost includes up to 2.5 hours of mapping to the grave space level. Any additional time spent mapping will be billed at \$200/hour. Mapping costs are based on the information provided to Ramaker prior to this proposal being created. If the scope of this project changes based on new or additional information, this cost may be adjusted.

# ADDITIONAL LICENSES

Every CIMS solution comes with one license. One license allows one user to login to CIMS at a time. Your cemetery may want to purchase additional licenses so that multiple employees may use CIMS simultaneously.

We offer two types of license: A full license can have all permissions given to it. A read-only license is a restricted license appropriate for grounds crews or other users who aren't actively entering data, but do need access to CIMS.

## Step 2

Check the box next to additional licenses you would like to add:

	LIGHT	GOLD	PLATINUM
<input type="checkbox"/> Additional CIMS licenses <sup>1</sup> Quantity: _____	\$400 setup + \$150/year	\$800 setup + \$175/year	\$1,600 setup + \$250/year
<input type="checkbox"/> Additional read-only CIMS licenses <sup>1</sup> Quantity: _____	\$200 setup + \$150/year	\$400 setup + \$175/year	\$800 setup + \$250/year

# QUICKBOOKS MODULE & LICENSING

For cemeteries with advanced accounting needs, CIMS offers an integration with QuickBooks. Your cemetery will need to have a valid subscription to Intuit QuickBooks Online.

	LIGHT	GOLD	PLATINUM
<input type="checkbox"/> QuickBooks module for initial CIMS license	\$500 setup + \$100/year	\$500 setup + \$100/year	\$500 setup + \$150/year
<input type="checkbox"/> Additional CIMS licenses with QuickBooks module <sup>1</sup> Quantity: _____	\$175 setup + \$200/year	\$200 setup + \$225/year	\$400 setup + \$300/year

<sup>1</sup> Additional license pricing is per license; for example, purchasing 2 read-only Platinum licenses will be a one-time cost of \$1600 for the setup, then \$500/year afterwards added to the annual hosting and system support fee. Quickbooks module licenses require a valid subscription to Intuit QuickBooks Online.

# OPTIONAL SERVICES

CIMS offers a variety of add-on services that can be used to further customize your cemetery software.

## Step 3

Check the box next to any optional services you would like to add:

	LIGHT	GOLD	PLATINUM
<input type="checkbox"/> <b>Data migration <sup>1</sup></b> Pending Additional Information	\$6,000 - \$10,000	\$6,000 - \$10,000	\$6,000 - \$10,000
<input type="checkbox"/> <b>Customize CIMS deed <sup>2</sup></b> Create a digital deed matching the look of your existing deed or other cemetery documents	\$800	\$800	\$800
<input type="checkbox"/> <b>Drone imagery <sup>3</sup></b> The CIMS team will take high-resolution drone imagery and GPS ground control points of the entire cemetery and incorporate it into CIMS	Not applicable	\$3,200 + travel costs	\$3,200 + travel costs
<input type="checkbox"/> <b>360 imagery <sup>3</sup></b> The CIMS team will take 360 imagery of the entire cemetery and incorporate it into CIMS	Not applicable	\$7,600 + travel costs	\$7,600 + travel costs
<input type="checkbox"/> <b>Burial Search public portal</b> Burial Search allows members of the public to search for loved ones, see available grave spaces, and more; all information is instantly updated with your data in CIMS	\$400 + \$500/year	\$600 + \$600/year	\$750 + \$700/year

**1** This cost includes 30 - 50 hours of data migration for CIMS Light, Gold and Platinum. Any additional time spent on data migration will be billed at \$200/hour. Data migration costs are based on the information provided to Ramaker prior to this proposal being created. If the scope of this project changes based on new or additional information, this cost may be adjusted.

**2** This cost includes up to 4 hours of deed customizations. Any additional time spent will be billed at \$200/hour.

**3** Plus travel costs. Sales tax will be charged for non-tax exempt cemeteries in WI, NJ or MN.

# 3

## TERMS & CONDITIONS

# GENERAL TERMS AND CONDITIONS OF AGREEMENT: SOFTWARE PRODUCTS

These Terms and Conditions of Agreement constitute the agreement (“Agreement”) pursuant to which services are to be performed by Ramaker & Associates, Inc. (hereafter “Consultant”) upon acceptance by the client (“Client”) of the attached proposal or the Product Order Form (“Proposal”). The Scope of Services, Project Cost, and Project Schedule sections of the Proposal are incorporated by reference into these Terms and Conditions of Agreement, and are part of the Agreement. If a Proposal is submitted to Client and Client fails to return a signed copy of the Proposal but knowingly allows Consultant to proceed with the services, then Client shall be deemed to have accepted the terms of the Proposal and these General Terms & Conditions. If there is a conflict or inconsistency between any express term or condition in the Proposal and these General Terms & Conditions, the Proposal shall take precedence. The Proposal and these General Terms & Conditions constitute the entire Agreement, and supersede any previous agreement or understanding.

## SECTION 1: Scope of Services

The Scope of Work and the Project Schedule defined in the Proposal are based on the information provided by Client. If this information is incomplete or inaccurate, or if Client directs Consultant to change the original Scope of Services established by the Proposal, then an amendment to this Agreement is required. Consultant may rely on the representations of Client, and Consultant’s obligations under this Agreement are limited by all specific directives of Client.

## SECTION 2: Change in the Scope of Services

Any written or oral communication from Client that requests changes in the Scope of Services shall be treated as a Change Order Proposal. Consultant shall give written notice within ten (10) days of the proposed change order of any resulting increase in fees or costs. If the Client agrees with the Change Order Proposal, it shall become a Change Order to this Agreement and change the Scope of Services and Agreement Price accordingly. If the Client does not approve the Change Order, there shall be no change in the Scope of Services.

## SECTION 3: Fees, Billing, and Payment Terms

3.1 Client shall pay to Consultant a fixed fee unless otherwise indicated in the Proposal. The proposed Project Cost and Project Schedule constitute Consultant’s best estimate of the charges and time required to complete the Project. As the Project progresses, facts uncovered may dictate revisions in scope, schedule or fee. The technical and pricing information in proposals is the confidential and proprietary property of Consultant. Client agrees not to use or to disclose to third parties any technical or pricing information without Consultant’s written consent.

3.2 PAYMENT DUE. Invoices shall be submitted by the Consultant (monthly, bi-monthly, weekly, or upon completion of each phase) as identified here or within the Proposal. Invoices are due upon presentation and shall be considered past due if not paid within thirty (30) calendar days of the due date.

3.3 INTEREST. If payment in full is not received by the Consultant within thirty (30) calendar days of the due date, invoices shall bear interest at one-and-one-half (1.5) percent (or the maximum rate allowable by law, whichever is less) of the PAST DUE amount per month, which shall be calculated from the invoice due date. Payment thereafter shall be applied to accrued interest and then to the unpaid principal.

3.4 COLLECTION COSTS. If the Client fails to make payments when due and the Consultant incurs any costs in order to collect overdue sums from the Client, the Client agrees that all such collection costs incurred shall immediately become due and payable to the Consultant. Collection costs shall include, without limitation, legal fees, collection agency fees and expenses, court costs, collection bonds, and reasonable Consultant staff costs at standard billing rates for the Consultant’s time spent in efforts to collect. This obligation of the Client to pay the Consultant’s collection costs shall survive the term of this Agreement or any earlier termination by either party.

# GENERAL TERMS AND CONDITIONS OF AGREEMENT: SOFTWARE PRODUCTS

## SECTION 4: Suspension of Services

If the Client fails to make payments when due or otherwise is in breach of this Agreement, the Consultant may immediately suspend performance of services. The Consultant shall have no liability whatsoever to the Client for any costs or damages as a result of such suspension caused by any breach of this Agreement by the Client. Upon payment in full by the Client, the Consultant shall resume services under this Agreement, and the time schedule and compensation shall be equitably adjusted to compensate for the period of suspension plus any other reasonable time and expense necessary for the Consultant to resume performance.

## SECTION 5: Limitation of Liability

In recognition of the relative risks and benefits of the Project to both the Client and the Consultant, the risks have been allocated such that the Client agrees, to the fullest extent permitted by law, to limit the liability of the Consultant to the Client for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including legal fees and costs and expert-witness fees and costs, so that the total aggregate liability of the Consultant to the Client shall not exceed the initial fee paid to purchase the Desktop-based Products or the initial fee paid for the software license for Cloud-based Products.

It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law. In no event shall Consultant be liable hereunder for any indirect, incidental, punitive or consequential damages (including lost business profit or claims for extended duration, delays, or hindrance) sustained by the Client for any matter arising out of or pertaining to the subject matter of this Agreement.

## SECTION 6: Force Majeure

Consultant shall not be liable for any loss or damage due to failure or delay in rendering any service called for under the Proposal resulting from any cause beyond Consultant's reasonable control, including but not limited to acts of God, acts or omission of governments, strikes, lockouts, or other industrial disturbances, riots, terrorism, acts of the public enemy, wars, blockades, insurrections, epidemics, landslides, earthquakes, fire, storms, lightning, floods, washouts, civil disturbances, and any other acts or omissions similar to the kind herein enumerated, but not within the control of the affected party and which by the exercise of due diligence said party is unable to overcome.

## SECTION 7: Use and Ownership of Documents

The drawings, specifications and other documents, including those in electronic form, prepared by the Consultant, are considered Instruments of Service. The Consultant and the Client warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. The Consultant and the Consultant's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, including those in electronic format, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Consultant and the Consultant's consultants.

Upon execution of this Agreement, the Consultant grants to the Client a nonexclusive license to use the Consultant's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Client substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Consultant shall obtain similar nonexclusive licenses from the Consultant's consultants consistent with this Agreement. The license granted hereunder permits the Client to authorize its contractors, as well as the Client's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. In the event the Client uses the Instruments of Service without retaining the author of the Instruments of Service, the Client releases the Consultant and Consultant's consultant(s) from all claims and causes of action arising from such uses. No other

# GENERAL TERMS AND CONDITIONS OF AGREEMENT: SOFTWARE PRODUCTS

license or right shall be deemed granted or implied under this Agreement. Any unauthorized use of the Instruments of Service shall be at the Client's sole risk and without liability to the Consultant and the Consultant's consultants. "Documents" as referred to herein are limited to the printed copy (hard copy) that are signed or sealed by Consultant, its agents or employees. Files on electronic media of text, data, graphics, or of other types that are furnished by Consultant, are only for the convenience of Client, and are furnished solely at the discretion of Consultant, and Consultant has no obligation to provide Client any electronic files at any time. Because electronic media can deteriorate or be modified, inadvertently or otherwise, without authorization of the data's creator, the party receiving electronic data agrees that it will perform acceptance tests or procedures within 30 days, after which the receiving party shall be deemed to have accepted the data thus transferred. Any errors detected in the 30-day period will be corrected by the creator of the electronic data. The creator of electronic files is under no obligation to maintain hardware or software to use the media of transfer at a future date. Any conclusions of information derived from electronic files that are not specifically a requirement of the Project work statement are at the user's sole risk. Consultant will retain all Documents which were generated or used while performing services under this Agreement, for a period of three (3) years following completion of this Project. During this time, Consultant will reasonably make available these Documents to Client during regular business hours. Consultant may charge a reasonable fee in addition to its professional fees for storing, retrieving, or copying such Documents.

## SECTION 8: Licensing

Ramaker & Associates software applications, trademark, software source code, trade secrets, copyright and all other rights, real or implied, (including but not limited to any images, photographs, animations, video, audio, music, texts and "applets," incorporated into the software product) ("Products") are and remain the sole property of Consultant. This does not include any data currently owned by the Client. The software product is licensed, not sold. You may install or access only the number of licenses agreed to in this Agreement. Each license is for one computer only for Desktop-based Products and one user login at a time for Cloud-based Products. The End User Licensing Agreement located at <http://www.ramaker.com/s/RamakerSoftwareEULA.pdf> (or attached hereto) is made part of this Agreement, and is incorporated as if fully set forth herein.

## SECTION 9: Patents

Any patentable or copyrightable concepts developed by Consultant as a consequence of service hereunder are the sole and exclusive property of Consultant and nothing in this Agreement shall be deemed to grant Client any right in or to such concepts.

## SECTION 10: Insurance

Consultant shall maintain worker's compensation, employer's liability, commercial general liability, automotive liability, and professional liability insurance during the time it is performing services hereunder. The Client shall be responsible for purchasing and maintaining the Client's usual liability insurance and, at its option, may purchase and maintain such other insurance as will protect it against claims which may arise from operations under the contract documents.

## SECTION 11: Third Party Beneficiaries

This Agreement does not create any benefits for any third party.

## SECTION 12: Termination

No termination of this Agreement by Client will be effective unless Client gives seven days prior written notice with the reasons and details, and Consultant is afforded an opportunity to respond. Where the method of payment is "Lump Sum," Client agrees that the final invoice will be based on services performed to the effective date of cancellation, plus an equitable adjustment to provide for costs Consultant incurred for commitments made prior to cancellation.

# GENERAL TERMS AND CONDITIONS OF AGREEMENT: SOFTWARE PRODUCTS

## SECTION 13: Governing Law

The Agreement shall be governed by and construed in accordance with the laws of the State of Wisconsin.

## SECTION 14: Non-Solicitation

During the term of this Agreement and for a period of one (1) year thereafter, Client agrees not to recruit, solicit or hire, directly or indirectly, employee(s) of Consultant without the express written consent of Consultant.

## SECTION 15: Severability

The various terms, provisions and covenants herein contained shall be deemed to be separable and severable, and the invalidity or unenforceability of any of them shall in no manner affect or impair the validity or enforceability of the remainder hereof.

## SECTION 16: Entire Agreement/Counterparts/Signatures

This Agreement constitutes the entire Agreement between the parties and supersedes all prior negotiations, representations or agreements relating thereto, written or oral, except to the extent they are expressly incorporated herein. Unless otherwise provided for herein, no amendments, changes, alterations, or modifications of this Agreement shall be effective unless in writing signed by Client and Consultant. Each of the parties has been involved in determining the provisions of this Agreement, and in case of a conflict herein such conflict shall not be resolved or determined in favor of or against a party hereto, in whole or in part, based on whether or not such party has prepared this Agreement or any provision hereof. Client is bound by the terms of this Agreement if Consultant is instructed by Client to proceed with the Scope of Services and Client has not objected to any of the terms and conditions contained herein. This Agreement may be executed in any number of counterparts with the same effect as if all Parties hereto had signed the same document. All counterparts shall be construed together and shall constitute one agreement. Facsimile (including faxed or scanned and e-mailed) signatures shall be accepted and be binding upon the Parties as an original. The Parties hereto warrant and represent that they have the authority to execute this Agreement on behalf of the persons or entities for whom are signing this Agreement.

IN WITNESS WHEREOF, this Agreement has been executed on behalf of Consultant as of this date:

**Subject:** Cemify Preliminary Estimate for Allendale Township Cemetery  
**Date:** Wednesday, January 28, 2026 6:22:45 PM

**Caution!** This email is from an external address and contains a link. Use caution when following links as they could open malicious web sites.

Hi Elizabeth,

Thank you again for the details you've shared about Allendale Township Cemetery so far.

Based on what you outlined (and given your timeline to bring this to the Board) I went ahead and put together a rough **preliminary planning-level estimate** to help support those conversations.

### Project Overview

- **Size:** ~10 acres of active burial space
- **Current records:** Mix of paper records and existing cemetery software (BS&A), with no usable export available at this time
- **Maps:** Computer-generated lot-level maps (each lot representing multiple graves)
- **Implementation preference:** Full-service (Cemify to handle mapping, record transcription, cleanup, and configuration)
  - Based on the lot structure you described (approximately 830 lots, with 8 graves per lot), we're estimating several thousand potential burial and ownership records to be reviewed, reconciled, and transcribed/set up in the system.

### Estimated One-Time Setup Cost

\$20,000 - \$48,000

This range reflects:

- **Mapping work:** \$4,000 - \$7,000
- **Records work:** \$15,000 - \$40,000
  - Transcribing and organizing records, with cemetery staff scanning paper records and Cemify handling transcription, cleanup, and setup
  - Reconciling paper records with maps
  - Preparing everything for a clean, usable system going forward
- **Additional setup:** ~\$500
  - Public Portal Setup
  - Training and handoff

Please note this is not a binding estimate. This range reflects current unknowns around the structure and volume of paper records, as record materials have not yet been reviewed. If record exports become available later, this portion of the estimate may be refined downward.

### Ongoing Subscription

\$799 per year for the **Preservation Package** which includes:

- Secure cloud-based cemetery management system
- Recordkeeping & mapping tools
- Public website with searchable records
- Up to 3 staff logins
- Email support
- 1 hour per year for map updates or data/records consultation

It does not include:

- Document templates (deeds, certificates, permits)
- Work orders & task tracking
- Plot holds & “request to buy” workflows

If you'd like **more information on our subscription packages**, you can review those here: [Cemify Subscription Pricing](#). I've based this estimate on the Preservation Package since you mentioned already having a workflow for templates, and I assumed you'd want to continue using that. If you're interested in seeing how the other two available packages compare (the Preservation Package is our base option), you can view that comparison at the same link.

I know this is a **fairly broad estimate**, and I appreciate your patience as we work within the information available today. **Once we're able to review more of your materials (or if data access changes) I'd be more than happy to tighten the range further.**

Please let me know if this is helpful for your Board discussions or if you'd like to send over additional materials to refine the estimate.

Thanks for your time and consideration,

Amber

## Prepared exclusively for Allendale Township Cemetery

---

### Scope of Work

Allendale Township Cemetery has approximately 6,000 total spaces, with around 4,000–5,000 interred and 1,000–2,000 available. We are happy to offer a **personalized tier of up to 7,000 records**, tailored specifically for the cemetery.

---

### During preliminary discussions, several challenges were identified:

During preliminary discussions with Allendale Township Cemetery, we learned the team currently uses BS&A with most records in digital form, supplemented by paper files. We discussed that Cemetery Workstation would streamline her day-to-day responsibilities—Inventory, Online Interactive Lot Selector feature, Sales, Inventory Management, Work Orders, and Reporting—by consolidating workflows in a single system. We highlighted the value of a public website with a burial/cremation record search and an interactive lot selector on the website. Overall, the goal is a unified, cloud-based platform that preserves existing data while improving speed, accuracy, and operational visibility.

AFS's Legacy Pro adds full on-site capture (headstone photos, GPS, drone) plus unlimited scanning and data extraction, then unifies operations in one platform (Records via My Cemetery App, Sales, Interment arrangements, Work Orders, Reporting) with interactive color-coded maps. For families: public search, interactive lot selector, Family Portal, and a website, with digital deeds via DocuSign—all supported in our Cemetery Workstation.

---

## Our Recommended Solution

We recommend the **Legacy Pro** package for Allendale Township Cemetery. This full-service, **5-year-term, no-upfront-cost** solution (simple monthly subscription) covers end-to-end capture and operations: on-site headstone photography, GPS tagging, and drone imaging; off-site audits/layout, master database creation, and GIS map in AFS Workstation—plus unlimited document scanning and data extraction. Core modules include Records/Inventory (My Cemetery App), Interment & Cremation Arrangements, Work Orders, Sales, Reporting, public search, interactive lot selector, Family Portal, and DocuSign for digital deeds. Your existing digital data will be migrated and reconciled.

Considering the cemetery’s capacity and needs, we are pleased to offer a **customized package to accommodate up to 7,000 records** at a special rate of **\$700 per month**. This tailored solution ensures the cemetery has the flexibility and resources to manage current interments and available spaces efficiently while supporting future growth.

*At the conclusion of the initial five-year term, pricing will be subject to review and mutual agreement. While it is anticipated that ongoing services may transition toward a reduced maintenance structure compared to the initial implementation and development phase, specific renewal pricing will be determined at that time, taking into account the scope of services, operational needs, and prevailing market conditions.*

General pricing table for the Up to 10,000 records tier for your review.

Tier Level	Legacy Pro
Up to 5,000 Records	\$630
Up to 7,000 Records ( <b>Special Tier</b> )	<b>\$700</b>
Up to 10,000 Records	\$875

## **Key Benefits of each package:**

**Basic** — Essential services only: no field work (no GPS tagging, no monument photography), no inventory verification or reconciliation. We use your existing digital database to prepare the layout, create a digital map, and integrate data into our cemetery workstation; all field-based services are excluded (photography, precise GPS tagging, and audit), creating a potential risk of data inaccuracies due to limited sources and no audit. Includes: Dashboard, Records (Inventory) Management, Sales Module, website creation without public burial search or mobile applications, plus our referral system/platform to improve customer service and revenue.

**Legacy** — Full-service digital documentation and mapping: deploy highly trained professionals (potentially locally recruited and trained) to capture high-resolution headstone images and GPS-tag each individual's allocated burial space. The off-site team performs data reconciliation audits, prepares the layout, builds a master database, creates an extensive digital map, and integrates everything into our workstation; up to 3 documents can be scanned with limited extraction. Includes: Dashboard, Records (Inventory) Management, My Cemetery App, Sales Module, Work Orders, Public Records search, website creation, and our referral system/platform.

**Legacy Pro** — Comprehensive service matching Legacy's on-site capture (headstone photography + GPS tagging) and off-site audits/layout/master database/map integration, with unlimited scans and unlimited data extraction. Includes: Records (Inventory) Management and the My Cemetery App, Sales Module, Family Portal, Interactive Lot Selector, Interment Management, Work Order Management, Public Records search and app, website, Report management features, and our referral system/platform.

## **Referral Program for Allendale Township Cemetery**

Another valuable benefit is our B2B referral program. To help you improve your customer service and revenue streams, we've developed the following products: - Monument Restoration: You refer a client, we restore the monument, and you earn 15% of the revenue. - Memorial Services: We offer customizable memorial events for families, including flower arrangements and other personalized requests, based on pre-defined service packages. You'll also receive 15% of the revenue from these services. - Most significantly, we can directly refer new clients to you for burial services, creating a win-win scenario that increases your revenue while reinforcing our long-term partnership. Our approach is more than just digitizing your cemetery; it's a long-term partnership designed to enhance customer service and generate additional revenue

### **Projected Annual Return:**

- Staff time savings: Countless hours saved
- Revenue from Memorial Services: 15% back to you on each referral
- Revenue from Grave Restoration: 15% back to you on each referral

### **Additional Financial Benefits:**

- No large capital expenditure requiring board approval
- Predictable monthly operating expense
- Immediate implementation without financial delays
- No unexpected costs or budget overruns

## Next Steps Tailored for Allendale Township Cemetery

1. Signing the Agreement: Simple subscription agreement with no complex terms or hidden fees
2. Kick-off Meeting: Introduction to your dedicated project team, who will guide your implementation
3. Subscription Activation: Your account is created, and your cemetery profile is established
4. Immediate Implementation: Work begins right away with no delays for financial approvals

Thank you!

Our solution was designed by a team with a **combined 150 years of experience in the cemetery** and end-of-life industry. This expertise has enabled us to develop a system that is not only extremely comprehensive and in-depth but also remarkably easy, enjoyable to use, and directly aligned with cemetery tasks, procedures, and best practices. Starting May 1st, we also implemented a revolutionary change to our business model. We've completely eliminated all implementation fees for cemetery digitization projects. We recognized that the substantial upfront costs - often tens or hundreds of thousands of dollars - were a major obstacle for many cemeteries, so we've removed this barrier entirely. Unlike our competitors, our product doesn't require any upfront investment. Instead, it operates on a monthly subscription basis, like any other online service. Your digital transformation journey begins the moment you sign. From contract to implementation in as little as 48 hours.

On behalf of the entire All Funeral Services Team, I want to extend our heartfelt appreciation for your time and consideration. Our commitment to excellence and lasting relationships means we are here to provide not just a service but a collaborative experience that evolves with you over time. Thank you for considering us as a trusted partner in this meaningful work.

**All Funeral Services**

At your service. By your side.

*Date: January 20, 2026*

Sincerely,

Nick Harper  
Executive Account Manager  
All Funeral Services, LLC  
929-412-2077

**ORDINANCE NO. 2026-01**

**ALLEDALE CHARTER TOWNSHIP SEWER  
ORDINANCE AMENDMENT**

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES ADOPTED BY ALLEDALE CHARTER TOWNSHIP, COUNTY OF OTTAWA, STATE OF MICHIGAN, AMENDING CHAPTER 351 CONCERNING SEWERS, AND PROVIDING FOR THE EFFECTIVE DATE OF THIS ORDINANCE.

ALLEDALE CHARTER TOWNSHIP, COUNTY OF OTTAWA AND STATE OF MICHIGAN ORDAINS:

**Section 1. Amendment of Chapter 351, Sections 351-79, 351-80, and 351-84.** Chapter 351, Sections 351-79, 351-80, and 351-84 of the Code of Ordinances adopted by Allendale Charter Township, Ottawa County, State of Michigan is hereby amended to state in their entirety as follows:

**SECTION 351-79. LEGISLATIVE FINDINGS**

- A. Sewage disposal. The Township Board finds that public sanitary sewer systems are essential in order for businesses, industries, farms, schools, government agencies, charitable organizations, and persons to operate in or live in the Township and also are essential to the health, safety, and welfare of the people of the Township. Septic tank disposal systems are subject to failure due to soil conditions and other reasons. Failure or potential failure of septic tank disposal systems poses a threat to the public health, safety, and welfare, presents a potential for ill health, transmission of disease, mortality, and economic blight, and constitutes a threat to the quality of the surface and subsurface waters of the Township.
- B. Method of measuring use. Based on the advice of the Township rate consultant and the Township Engineers, the Township Board finds that the most precise method of measuring the sewage discharge by a system user is by the metered water consumption of the user during the two winter quarter billing periods for residential customers and for all quarters for nonresidential customers.
- C. Continuity of service. The Township Board finds that in order to provide and continue to provide sanitary sewage disposal to all users of the system, with capacity adequate for all types of use, it is necessary from time to time to complete repairs, maintenance, reconstruction, and replacement to the system.

D. Purpose of charges.

- (1) The charges, rates, and fees for connection to the system and the discharge of sewage to system are established pursuant to this Part 3 for the purpose of recovering the cost of the construction, reconstruction, replacement, maintenance, repair, and operation of the system and the cost of compliance with all applicable federal and state laws and related rules and regulations, and to provide for the payment of principal and interest on any bonds sold or other indebtedness incurred to finance the construction, reconstruction or other costs of the system. These charges, rates and fees shall be assessed and be payable in accordance with the provisions of this Part 3. The charges, rates, and fees authorized by this Part 3 shall be established so as to recover costs from the system users in reasonable proportion to the cost of serving those users.
- (2) The Township Supervisor, in consultation with the Township rate consultant and Township Engineers, as necessary, shall periodically review the charges, rates, and fees of the system. The results of this review shall be periodically reported to the Township Board with recommendations for adjustments, if any.

E. Proportionality, fairness, and benefits of rates and fees. The Township Board finds that the fairest and most reasonable method of providing for system costs is to charge each user, based on the cost of servicing the customer for :

- (1) The costs of constructing certain portions of the system;
- (2) The cost of treating and disposing of the customer's sewage discharge;
- (3) Ongoing repair, replacement, and reconstruction of the system; and
- (4) The operation, administration, and maintenance costs of the system.

F. Sewer service charges.

- (1) The Township Supervisor, in consultation with the Township rate consultant and the Township Engineers, has reviewed various methods of apportioning the costs for the sewer service provided by the system. Based on this investigation, and on the advice of the Township rate consultant and the Township Engineers, the Township Board finds that to ensure the stability and viability of the

system for the benefit of its users, the fairest and most accurate way to apportion system costs is to charge each user:

- (a) Connection fees when a user's property is first connected to the system, which fees will vary depending on where the user's property is situated within the Township as set forth below;
  - (b) A customer service charge; and
  - (c) A commodity rate for sewage discharge based on the water used as measured by a water meter.
- (2) The Township Board finds that the charges, rates, and fees authorized in this Part 3 fairly and accurately apportion the system fixed and variable costs among the users of the system and that the connection charges, the customer service charges, and the commodity rate provide actual benefits to system users in the form of ready access to sewer service that would not be available if those charges were not imposed.
- G. Cash reserve. The Township Board finds that it is necessary to maintain a cash reserve for the timely replacement of system assets and to maintain the financial stability of the system.
- H. Connection charges. In addition to the previous findings, the Township Board finds that the connection charge that is assessed upon connection to the system should reflect the investment of the existing sewer customers in the system, additional costs which are required to connect certain users to the system, and that connection to the system provides an actual benefit to each new user equal to or greater than the amount of this charge. The Township Board also finds that the connection charge should be calculated based on the proportional cost of each user's, both existing and future, share of the existing system's capacity. Further, the Township Board finds that the connection charge to be paid by each premises connecting to the system should be based on meter size. This accurately determines the actual use on the system.
- I. Laterals and service charges. The Township Board finds that the lateral charge and the other miscellaneous special sewer service charges and fees represent the approximate actual cost of the public lateral and each such service.

## SECTION 351-80. ESTABLISHMENT OF SEWER DISTRICTS AND DISTRICT CONNECTION FEES

All premises connecting to the system shall pay sewer connection fees. The Township Board finds that the cost to extend sewer services to certain areas of the Township creates additional challenges and expense that is not required to supply such services to other areas of the Township. Accordingly, the Township Board hereby creates the sewer districts which are set forth in Subsection A and establishes the connection fees set forth in Subsection B.

- A. Sewer districts: The following sewer districts are hereby established
1. District 1. District 1 consists of all parcels situated within the Township which are serviced by sewer but which are not included in Districts 2 through 6 as described below.
  2. District 2. District 2 includes all parcels which are listed on Exhibit A which is attached hereto and incorporated by reference.
  3. District 3. District 3 includes all parcels which are listed on Exhibit B which is attached hereto and incorporated by reference.
  4. District 4. District 4 includes all parcels which are listed on Exhibit C which is attached hereto and incorporated by reference.
  5. District 5. District 5 includes all parcels which are listed on Exhibit D which is attached hereto and incorporated by reference.
  6. District 6. District 6 includes all parcels which are listed on Exhibit E which is attached hereto and incorporated by reference.
- B. Connection fees. As a result of the fact that the cost to provide sewer services varies depending on which District a user's property is situated, the Township Board hereby determines that it is reasonable to allocate the cost necessary to provide services to each District, among the properties situated in that District. Accordingly, the fees imposed for each District are as follows:
1. District 1. The fees to connect to the system for user's in this District shall be the sum of the connection charge, and the public lateral charge (if applicable).
    - i. Public lateral charge. All premises connecting to the system shall pay a public lateral charge. If the public lateral already exists, the lateral charge shall be as provided in the rate schedule. If the public lateral does not already exist, the

public lateral charge shall be the Township's third-party contractor cost plus 10% (administration fee) to install the public lateral. The public lateral charge is for the installation of the public lateral in the street right-of-way or public easement from the sewer line to the property line. However, a public lateral charge shall not be payable if:

- a. A public lateral charge has previously been paid or assessed against the premises to be connected; or
  - b. The public lateral has previously been constructed by private parties or by the Township on behalf of and at the expense of private parties, except that if the Township has a contractual reimbursement obligation with respect to the public lateral, then a public lateral charge shall nevertheless be payable.
- ii. Connection charge.
- a. All premises connecting to the system shall pay a connection charge per meter size as provided in the rate schedule unless the premises has been included in a special assessment district to pay the cost of the sewer line providing service which included a connection charge as part of the special assessment.
  - b. Those premises which have previously paid a connection charge as part of a special assessment or as part of a connection fee, and which are already connected, and a larger water meter is requested, shall pay an additional connection charge. The additional connection charge shall be paid in full at the time the larger water meter is requested.
2. Districts 2 - 6. The fees to connect to the system for user's in Districts 2 - 6 shall be the fees set forth in Section 351-81 plus the additional fees for each District as set forth in the rate schedule. When a development is approved for construction, the Developer will be responsible for the additional fees for each lot that is proposed within the development for each District as set forth in the rate schedule, prior to the commencement of construction.

## **SECTION 351-84 BILLING AND ENFORCEMENT**

- A. Charges for sewer service shall be billed quarterly. Bills shall be mailed by the fifteenth day of the month following the quarter for which the bills are rendered and shall be due and payable on or before the fifteenth day of the next month. Failure to receive a bill in the mail shall not excuse payment. Customers whose bills are not paid on or before the due date shall have the penalty charge as

provided in the Rate Schedule added thereto and shall then be mailed a reminder bill, which shall include the penalty amount. If the reminder bill is not paid within 10 days after the date of mailing, a seventy-two-hour shutoff notice shall be either: 1. Hand delivered to the residence with penalty as provided in the Rate Schedule. If the bill is not paid within 72 hours after the date of the shutoff notice. 2. Mailed to the residence with penalty as provided in the Rate Schedule. If the bill is not paid within two (2) weeks of the mailing date of the shut off notice, then the customer's public water service shall be turned off immediately and without further notice. Water service shall not be restored until either; the entire amount of the sewer bill has been paid together with the penalty charge and the turn on charge as is provided in the Rate Schedule, or the amount of the sewer bill has been put onto a payment plan with the penalty charge and turn on charge being paid prior to commencing the payment plan, as is provided in the Rate Schedule.

**Section 2. Administrative Liability.** No officer, agent, or employee of the Village shall be personally liable for any damages the Village may accrue to any person as a result of any act required or permitted in the discharge of duties under and in the enforcement of this Ordinance.

**Section 3. Severability and Captions.** This Ordinance and its various sections, subsections, sentences, phrases, and clauses are declared to be severable. If any section, subsection, sentence, phrase, or clause is adjudged unconstitutional or

invalid, the remainder of this Ordinance shall not be affected. Pronouns shall be read as masculine, feminine, or neuter as may be appropriate. Captions appearing at the beginning of any section shall not be deemed as part of this Ordinance and shall have no independent significance.

**Section 4. Repeal.** All ordinances or parts of ordinances which are in conflict in whole or in part with any of the provisions of this Ordinance as of its effective date are repealed to the extent of such conflict.

**Section 5. Effective Date.** The foregoing Allendale Charter Township Sewer Ordinance Amendment was approved and adopted by the Township Board of Allendale Charter Township, Ottawa County, Michigan, on \_\_\_\_\_, 2025, after introduction of first reading on \_\_\_\_\_, 2025, and publication after such first reading as required by Michigan Act 359 of 1947, as amended. This Ordinance shall be effective immediately upon publication on \_\_\_\_\_, in \_\_\_\_\_ newspaper having general circulation in the Township.

ALLENDALE CHARTER TOWNSHIP

Dated-----, 2025

By: \_\_\_\_\_  
Adam Elenbaas  
Its: Supervisor

By: \_\_\_\_\_  
Jody Hansen  
Its: Clerk

**CERTIFICATE**

I, Jody Hansen, the Clerk for Allendale Charter Township, Ottawa County, Michigan, certify that the foregoing Allendale Charter Township Sewer Ordinance Amendment was adopted at a regular meeting of the Township Board held on \_\_\_\_\_, 2025. The following members of the Township Board were present at that meeting: \_\_\_\_\_  
\_\_\_\_\_. The following members of the Township Board were absent:  
\_\_\_\_\_. The Ordinance was adopted by the  
Township Board with members of the  
\_\_\_\_\_ voting  
in favor and members of the Board \_\_\_\_\_ voting in  
opposition. Notice of Adoption of the Ordinance was published in the *Grand Rapids Press* on \_\_\_\_\_, 2025.

\_\_\_\_\_  
Jody Hansen, Clerk  
Allendale Charter Township

**ORDINANCE NO. 2026-02**

**ALLENDALE CHARTER TOWNSHIP WATER  
SYSTEM ORDINANCE AMENDMENT**

AN ORDINANCE TO AMEND THE CODE OF ORDINANCES ADOPTED BY ALLENDALE CHARTER TOWNSHIP, COUNTY OF OTTAWA, STATE OF MICHIGAN, AMENDING CHAPTER 452, ARTICLE III CONCERNING WATER SYSTEM REQUIREMENTS, AND PROVIDING FOR THE EFFECTIVE DATE OF THIS ORDINANCE.

ALLENDALE CHARTER TOWNSHIP, COUNTY OF OTTAWA AND STATE OF MICHIGAN ORDAINS:

**Section 1. Amendment of Chapter 452, Article III, Section 452-28(A).** Chapter 452, Article III, Section 452-28(A) shall be amended to state in its entirety as follows:

**SECTION 452-28(A). BILLING AND ENFORCEMENT**

- A. Charges for water service shall be billed quarterly. Bills shall be mailed by the fifteenth day of the month following the quarter for which the bills are rendered and shall be due and payable on or before the fifteenth day of the next month. Failure to receive a bill in the mail shall not excuse payment. Customers whose bills are not paid on or before the due date shall have the penalty charge as provided in the Rate Schedule added thereto and shall then be mailed a reminder bill, which shall include the penalty amount. If the reminder bill is not paid within 10 days after the date of mailing, a seventy-two-hour shutoff notice shall be either: 1. Hand delivered to the residence with penalty as provided in the Rate Schedule. If the bill is not paid within 72 hours after the date of the shutoff notice. 2. Mailed to the residence with penalty as provided in the Rate Schedule. If the bill is not paid within two (2) weeks of the mailing date of the shut off notice, then the customer's public water service shall be turned off immediately and without further notice. Water service shall not be restored until either; the entire amount of the water bill has been paid together with the penalty charge and the turn on charge as is provided in the Rate Schedule, or the amount of the water bill has been put onto a payment plan with the penalty charge and turn on charge being paid prior to commencing the payment plan, as is provided in the Rate Schedule.

**Section 2. Amendment of Chapter 452, Article III, Section 452-40.** Chapter 452, Article III, Section 452-40 shall be amended to state in its entirety as follows:

## SECTION 452-40. IRRIGATION

For a property connected to the public water system, a shallow well for the sole purpose of irrigation may be allowed. Pursuant to Article 11, Cross-Connection Control, of Chapter 452, Water, of the Code of the Charter Township of Allendale, inspections and related fees may apply to said well.

**Section 3. Administrative Liability.** No officer, agent, or employee of the Township shall be personally liable for any damages the Township may accrue to any person as a result of any act required or permitted in the discharge of duties under and in the enforcement of this Ordinance.

**Section 4. Severability and Captions.** This Ordinance and its various sections, subsections, sentences, phrases, and clauses are declared to be severable. If any section, subsection, sentence, phrase, or clause is adjudged unconstitutional or invalid, the remainder of this Ordinance shall not be affected. Pronouns shall be read as masculine, feminine, or neuter as may be appropriate. Captions appearing at the beginning of any section shall not be deemed as part of this Ordinance and shall have no independent significance.

**Section 5. Repeal.** All ordinances or parts of ordinances which are in conflict in whole or in part with any of the provisions of this Ordinance as of its effective date are repealed to the extent of such conflict.

**Section 6. Effective Date.** The foregoing Allendale Charter Township Water System Ordinance Amendment was approved and adopted by the Township Board of Allendale Charter Township, Ottawa County, Michigan, on \_\_\_\_\_, 2026, after introduction of first reading on \_\_\_\_\_, 2026, and publication after such first reading as required by Michigan Act 359 of 1947, as amended. This Ordinance shall be effective immediately upon publication on \_\_\_\_\_, in \_\_\_\_\_ newspaper having general circulation in the Township.

ALLENDALE CHARTER TOWNSHIP

Dated: \_\_\_\_\_, 2026

Its: Supervisor

By: \_\_\_\_\_

Jody Hansen

Its: Clerk

**CERTIFICATE**

I, Jody Hansen, the Clerk for Allendale Charter Township, Ottawa County, Michigan, certify that the foregoing Allendale Charter Township Water System Ordinance Amendment was adopted at a regular meeting of the Township Board held on \_\_\_\_\_, 2026. The following members of the Township Board were present at that meeting: \_\_\_\_\_  
\_\_\_\_\_. The following members of the Township Board were absent: \_\_\_\_\_  
\_\_\_\_\_. The Ordinance was adopted by the Township Board with \_\_\_\_\_ members of the \_\_\_\_\_ voting in favor and members of the Board \_\_\_\_\_ voting in opposition. Notice of Adoption of the Ordinance was published in the *Grand Rapids Press* on \_\_\_\_\_, 2026.

\_\_\_\_\_  
Jody Hansen, Clerk  
Allendale Charter Township

## SUMMARY OF BIDS

February 4, 2026

*Via email: cdoornbos@allendalemi.gov*

Chad Doornbos  
Allendale Charter Township  
6676 Lake Michigan Drive  
Allendale, MI 49401

**RE: Water Main North Loop**

Dear Chad:

On January 14, 2026, three bids for the above project were received at the Township Water Resource Recovery Facility. We reviewed the bids, and they appear fair and competitive. A bid tabulation was completed and is attached.

The apparent low bidder is Georgetown Construction Co. from Jenison, Michigan with a bid amount of \$3,238,126.44.

Please feel free to call with any questions.

Sincerely,

FLEIS & VANDENBRINK

**ORDINANCE NO. 2026-03****WOLVERINE POWER SUPPLY COOPERATIVE, INC. FRANCHISE ORDINANCE****AN ORDINANCE GRANTING WOLVERINE POWER SUPPLY COOPERATIVE, INC. A FRANCHISE FOR AN ELECTRIC DISTRIBUTION BUSINESS IN ALLENDALE CHARTER TOWNSHIP, OTTAWA COUNTY, MICHIGAN.****THE CHARTER TOWNSHIP OF ALLENDALE, OTTAWA COUNTY, MICHIGAN, ORDAINS:**

**Section 1. Grant of Franchise.** The Township of Allendale, located in Ottawa County, Michigan (the “Township”) hereby grants to Wolverine Power Supply Cooperative, Inc. its subsidiaries, successors, and assigns (the “Company”) consent, permission, right and authority to acquire, construct, operate and maintain the necessary facilities for the production, transmission, and sale of electric energy at wholesale to its member-distribution cooperatives and between the Company and other parties pursuant to wholesale power agreements, and to use and occupy the highways, streets, alleys, and other public places in which the Township has a public interest upon which the parties may agree to in the future, to set poles, string wires, lay pipes and to transact an electrical business.

**Section 2. Consideration.** In consideration of the rights, power and authority hereby granted, the Company shall faithfully perform all things required by the terms hereof.

**Section 3. Construction and Location.** All such equipment, services, and appurtenances shall be constructed so as to interfere as little as possible with the proper lawful use of the streets, thoroughfares, alleys, bridges and public places. Location of all equipment and appurtenances shall be subject to such reasonable regulations as shall be prescribed by the Township and Ottawa County (the “County”) from time to time and shall be subject to all reasonable provisions of the ordinances of the Township and of the laws of the State of Michigan.

**Section 4. Hold-Harmless.** The Company shall save the Township (including its Township Board, officers, employees and agents) harmless from any and all liability arising in any way from negligence in the erection, maintenance, or operation of any of the electrical distribution equipment and/or appurtenances.

**Section 5. Prompt Completion.** Whenever the Company shall begin the erection of any electrical distribution and/or transmission equipment or appurtenances, or any other work pursuant to the franchise granted by the Township, the Company shall promptly and diligently pursue the work to completion and leave the streets, thoroughfares, alleys, bridges and public places where such work is done in the same or better condition of repair

as before the work was commenced. If the Company shall fail to complete such restoration within 30 days after the completion of the erection of any electrical distribution equipment or appurtenance or any other work pursuant to the franchise granted by the Township, to the reasonable satisfaction of the Township, then the Township upon 10 days written notice to the Company, may, at its option, cause such restoration to be done. The Company shall in that event pay to the Township all reasonable costs thereof in the itemized amounts reported by the Township to the Company. Such payment shall be made within 30 days after the Township mails the itemized report to the Company. Should the Company elect to move any of its electrical distribution equipment because of street construction or the placement of other municipal utilities, the Company shall move such electrical distribution and/or transmission equipment at its sole expense. However, if (a) the electrical distribution and/or transmission equipment is located at the proper location in the right-of-way as specified by the applicable County and Township standards; and (b) an engineer representing the Township certifies in the exercise of reasonable engineering judgment that it is necessary that such equipment be moved for construction or placement of utilities to proceed, then such equipment shall be moved at the expense of the Township or its third-party contractor(s).

**Section 6. Successors and Assigns.** Whenever in this Ordinance reference is made to the Township or the Company, the reference shall be deemed to include the respective successors or assigns of either. All rights, privileges, and obligations contained in this Ordinance by or on behalf of the Township, or by or on behalf of the Company, shall be binding upon and inure to the benefit of the respective successors or assigns of the Township or of the Company, whether so expressed or not.

**Section 7. Rates and Charges.** The rates and charges for electrical energy provided by the Company at wholesale to its distribution cooperative member for the benefit of member-consumers within the Township shall be based upon the rates approved by the Federal Energy Regulatory Commission ("FERC"). In the event that the Township does not agree to such rates and charges, the Township may, at its option, petition FERC in accordance with the applicable rules and procedures governing rate disputes.

**Section 8. Trimming and Obstructions.** The Company shall make due provisions for the passage of any structure over or under its lines by raising or protecting such lines as may be necessary to accommodate such passage at the expense, however, of the party requesting the movement of the structure. The Company shall have the right to trim trees and remove other obstructions within the areas designated by this Ordinance subject to submitting to the Township the Company's tree trimming schedule for non

emergency maintenance conditions; however, in an emergency condition, notice shall be suspended and shall be given by the Company after the emergency conditions have been addressed.

**Section 9. Plans.** Plans showing the location of overhead and underground lines and appurtenances installed in public rights-of-way and any other public places by the Company shall be filed with the Township within 30 days after being requested by the Township.

**Section 10. Effective Date; Term of Franchise: Acceptance by the Company.**

This Franchise shall take effect the day following the date of publication thereof, which publication shall be made within thirty (30) days after the date of its adoption, and shall continue in effect for a period of thirty (30) years thereafter, provided, however, that when this Franchise shall become effective the Township Clerk shall deliver to the Company a certified copy of the Franchise accompanied by written evidence of publication thereof as required by law, and the Company shall, within sixty (60) days after receipt of the above documents, file with the Township Clerk its written acceptance of the conditions and provisions hereof.

**Section 11. Franchise Not Exclusive.** The rights, power and authority granted by this Franchise are not exclusive, and nothing contained herein shall prevent the Township from granting other non-exclusive electric or broadband franchises.

**Section 12. Insurance and Indemnification.** The Company shall furnish the Township proof of insurance and indemnify and hold the Township harmless from any and all costs, including reasonable attorney fees incurred by the Township by reason of the Company's acts and omissions in the installation and maintenance of the electric distribution and/or transmission system and other related apparatus or equipment used in the operating of its electric utility business within the Township.

**Section 13. Compliance with Laws.** The Company shall comply with all applicable safety standards and requirements of the National Electric Safety Code, MIOSHA and any other appropriate entity, and shall also comply with all applicable federal, state, and local laws and regulations.

**Section 14. Compliance with Zoning.** At all times, the Company shall comply with the requirements of the Allendale Charter Township or Ottawa County Zoning Ordinance, if applicable, with respect to any of its installations, operations, and non-power line structures, including, but not limited to, meter houses, storage sheds, and other similar roofed buildings within electric distribution and transmission substations.

**Section 15. Revocation.** The franchise granted by this Ordinance is subject to revocation by the Township as provided by law.

**Section 16. Effect and Interpretation of Franchise.** All other franchises, ordinances and resolutions, and parts thereof, which conflict with any of the terms of this

Franchise are hereby rescinded, to the extent of such conflict. The catch line headings which precede each section of this Franchise are for convenience in reference only and shall not be taken into consideration in the construction or interpretation of any of the provisions of this Franchise.

**Section 17. Successors and Assigns.** The words "Wolverine Power Supply Cooperative, Inc." and the "Company," wherever used herein, are intended and shall be held and construed to mean and include both Wolverine Power Supply Cooperative, Inc. and its subsidiaries, successors, and assigns, whether so expressed or not.
